

The Hunt For Dieter Funkel

The final solution-the Nazi extermination plan of the Jews in Europe-is dramatically brought to light through the eyes of Max Steiner, a young Jewish teenager who escapes the clutches of the SS and seeks refuge in Holland, only to eventually make his way to America. Max is ultimately drafted into the U.S. Armed Forces during World War II, and in an unforeseen turn of events, the persecuted young Max becomes the hunter himself, only to track down one of the most infamous Nazis who sought asylum in South America under a secret and forged identity. As a fictional work based on the authors true life events, Maxs adventure across time and borders to find and bring the nightmares of his past to justice will keep the reader in breathtaking suspense until the very last page. The author was born in Germany, where he grew up until, as a teenager during the Nazis rise to power, he and his family escaped Germany after the infamous Kristallnacht. The author witnessed many of the atrocities committed by the Nazis during this dark period, and later spent a year and a half in Holland prior to leaving for America, only weeks before the Nazi occupation of Holland. After coming to America, he was later drafted into the U.S. Armed Forces during WWII, taking basic training in Fort Dix and Camp Croft. The author later married and became well-known in the import/export trade. He is the father of one daughter. He is presently retired and resides in New York City, where he writes fiction and nonfiction based on his life experiences. He is blessed to have had his wife by his side for over sixty years, and he enjoys life with his wonderful daughter and son-in-law, along with his two grandchildren and four greatgrandchildren.
