

Death and the Easter Bunny: A Mystery

Trudy Roundtree -- the only woman on the Ogeechee police force -- is not exactly excited about Hen Huckabees request that she investigate Tanner Whitcombs report that hes run over somebody given that Whitcomb is one of the towns odder oddballs: he doesnt have a car or a drivers license, he simply walks/putt-putts around town holding his hands at 3 oclock and 9 oclock on a hubcap. But when Trudy finally interprets Tanners rambling, and the man leads her to a dead body with tire tracks on his shirt, Trudy has to think twice about the ability of a car-less weirdo to do someone in. Tanners also driving with a brand-new hubcap, has the dead guys watch and cell phone in his ever-present plastic bag, and swears he bumped the dead guy when he was driving the night before. Could it be that Tanner was actually the killer?
