

## Lethal Amnesia

Nolan Withers was just an average guy, living a less than average life. Until the morning he awakens to find that he has Lethal Amnesia. Waking in a strange bed, dirty, bruised, and covered in blood, he discovers his entire memory is gone. Before he can begin to determine who or where he is, hardcore detective Lt. Anderson Cleves breaks down his door and arrests him for the murder of his girlfriend. A girlfriend he doesn't even remember!
