After serving time for a murder he committed as a teen, Rakeem is now a free man trying to reclaim his life for his new family. Meeting Karima, a young beautiful lawyer while incarcerated, the pair stuck together through tough times to become engaged. Yet, his BABY MAMA and her BABY DADDY are everything but happy for their union. Monique makes it hard for Rakeem to be a part of his daughter, Zoniques life due to the fact that she wants him back in her life as well. Likewise, Bishop is a drug pushing deadbeat dad to his children with Karima, but still seeks to disturb her household every chance that he gets. Little Charlotte and Jamal love their father, but cant understand why Bishop seems to not love them back. Will the hidden secrets that get uncovered between these individuals ruin the bliss in which they all aim to possess, or is the affection within enough to sustain them with strength? In this suspenseful tale of heartaches and heartbreaks find out why the trials and tribulations of romance cause these characters to scream, FUCK LOVE!
