

The Story Worth Telling: The Journey That Changed The Way i Think Of Life.

A story of a 10-year journey a girl took into the unknown only to end up exactly where she started. This is because there are only two kinds of lovers in the world those who love normally and those who go beyond love. Normal lovers are able to lead normal lives because, to them, love involves the heart, mind, and thought process. However, when loving beyond love, the leading of a normal life becomes difficult because it does not involve a normal thought process. Such people end up in ruins and do not feel better until their devastating relationships end. This is such a story.
