

Is This The Man

Have you ever wondered why God has allowed Satan to come to this earth? Can we think for our self and ask this question: why not put him on Mars, Venus, or even Pluto? Or better still why create him at all? This book will explain this and I double dog-dare you to read this entire book, dont stop when it goes against what you have been taught, this book will make you think, it may also set you free. What if death and life was in the power of your tongue, would you correct your tongue? What if God was your life, would you treat your life different? What if God gave you the power to change the very thoughts of your mind, would you do that? This book will answer these questions, are you brave enough to take this challenge. Again I triple dog-dare you to read this entire book. Jerry Ooten
